11. ADDITIONAL TRUST PROVISIONS

The Settlor of this AFT account understands that "account" and "trust" both refer to the Life Beneficiary's trust account with AFT. The Settlor acknowledges the following (please initial each item):

_____ **Medical Eligibility.** AFT requires that the Beneficiary have a mental or physical disability that substantially limits one or more major life activities, regardless of whether the impairment is congenital or caused by accident, injury, age or disease. Such condition must be verified by medical findings that meet the medical-vocational requirements for a finding of disability under Section 223(d) of the Social Security Act, 42 U.S.C. Section 4223(d), or under Section 1614 of the Social Security Act, 42 U.S.C. Section 1382c. Proof of this medical eligibility has been provided to the Trustee.

_____ **Use of Account.** The purpose of this account is to supplement, not to replace, the Life Beneficiary's government benefits and to improve his or her quality of life. The Co-Trustee may periodically request disbursements for the benefit of the Life Beneficiary, which if approved by the Trustee, may be used to purchase goods and services for the benefit of the Life Beneficiary.

_____ **Investments and Records.** While contributions to and earnings of the AFT Trust may be

administered as one trust for purposes of investment and management, there will be a separate account for each Life Beneficiary. A financial institution selected by AFT serves as investment agent for investing the Life Beneficiary's account funds, and account information will be regularly available to the Settlor.

_____ **Minimum Required to Open Account.** A minimum of \$1,500 is required to open this account.

_____ **Minimum Balance.** If the balance falls below \$395, AFT may close the account.

_____ **Income Taxes.** Earnings accruing to this account may result in taxable income to the Life Beneficiary. The Trustee will provide evidence of such income annually.

_____ **Arbitration.** If the Co-Trustee and Trustee cannot agree concerning a requested distribution, then either may request that the matter be resolved by arbitration.

_____ **Life Beneficiary has no control.** The Life Beneficiary may not demand any distribution from this trust. The Life Beneficiary may not assign, convey, or otherwise encumber his or her account, nor shall any account assets be subject to any debt incurred by the Life Beneficiary or to the claims of any creditor of the Life Beneficiary.
