10. MINIMUM REQUIRED TO OPEN ACCOUNT

A minimum of \$1500 is required to open this account. AFT may accept trusts with a minimum below the required \$1500 if sufficient proof, such as a court order, is provided showing a steady stream of income or principal will be deposited into the trust meeting the required minimum. While the trust balance is below the minimum, the trust corpus will be held in escrow. During such time as the corpus is held in escrow, no distributions shall be made for the benefit of the Beneficiary, and the Beneficiary will not be eligible for distributions from the charitable trust. Funds held in escrow will be subject to tax preparation fees in accordance with the published schedule of fees. The Settlor understands that tax preparation fees will reduce the amount held in escrow when said fees are due and payable to AFT. Upon reaching the required minimum, the trust will be subject to all fees in accordance with the published schedule of fees.

11. ADDITIONAL TRUST PROVISIONS

The Settlor of this AFT account understands that "account" and "trust" both refer to the Beneficiary's trust account with AFT. The Settlor acknowledges the following (please initial each item):

_____ **Medical Eligibility.** AFT requires that the Beneficiary have a mental or physical disability that substantially limits one or more major life activities, regardless

of whether the impairment is congenital or caused by accident, injury, age or disease. Such condition must be verified by medical findings that meet the medical-vocational requirements for a finding of disability under Section 223(d) of the Social Security Act, 42 U.S.C. Section 4223(d), or under Section 1614 of the Social Security Act, 42 U.S.C. Section 1382c. Proof of this medical eligibility has been provided to the Trustee.

____ **Use of Account.** The purpose of this account is to supplement, not to replace, the Beneficiary's government benefits and to improve his or her quality of life. The Representative may periodically request disbursements for the benefit of the Beneficiary, which if approved by the Trustee, may be used to purchase goods and services for the benefit of the Beneficiary.

____ **Investments and Records.** While contributions to and earnings of the AFT Trust may be administered as one trust for purposes of investment and management, there will be a separate account for each Beneficiary. A financial institution selected by AFT serves as investment agent for investing the Beneficiary's account funds, and account information will be regularly available to the Settlor and Beneficiary.

____ **Minimum Balance.** AFT may close the account if balance falls below \$395/grantor trust or \$525/complex trust.

____ **Income Taxes.** Earnings accruing to this account may result in taxable income to the Beneficiary. The Trustee will provide evidence of such income annually.

____ **Arbitration.** If the Representative and Trustee cannot agree concerning a

requested distribution, then either may request that the matter be resolved by arbitration.

____ **Beneficiary has no control.** The Beneficiary may not demand any distribution from this trust. The Beneficiary may not assign, convey or otherwise encumber his or her account, nor shall any account assets be subject to any debt incurred by the Beneficiary or to the claims of any creditor of the Beneficiary.

____ **Settlor has no control.** The Settlor acknowledges that this document is irrevocable (cannot be changed) and that the Settlor may not sell, assign, convey or otherwise encumber the Beneficiary's AFT assets.
